

Could you inspire our children to think about their future?

Could you 'drop a dream' into a child's heart and set them on a course for life?

Could you share your story and make our children think about what they can begin to do now to fulfil their full potential?

**If so, then our *Birley Aspire Day* is for you!
Wednesday 26th March 2025**

We would love to get a real variety of different talents, jobs and professions to give our children a real insight into what they could aspire to in their future - so please don't hold back!
No job is too high or too low - WE NEED YOU!!!

Dear Parents and Carers,

On Wednesday 26th March we will be holding our annual 'Birley Aspire Day'. It is always a huge success and we want to continue with this very important event! This is where we (with your help) hope to inspire our children to think about their futures and what they would like to do '*when they grow up*'.

This year, as we have done previously, we are hoping that members of our community will volunteer their time to **come in and talk to classes about the jobs that they do, special talents or interests that they have, plus how and why they chose such a route.** In this way, we hope that our children will think now about what it is they want to do – as well as how to get there.

If you would like to share what you do with a class of children on Wednesday 26th March, then please complete the form below and return it to school as soon as possible, but by Monday 17th March in order that we can plan a brilliant and inspiring day!
