Thursday 28th March 2024

Dear Parents/Carers,

We are excited to inform you that as part of our learning journey, which focuses on the history of space travel, the Year 2 children will be taking part in a visit to the National Space Centre in Leicester on **Tuesday 11th June 2024.**

This will be a fun packed day including:

- A visit to the planetarium where we fly through the solar system. As we visit each planet, we will learn more about their size, features and appearance, and even answer some questions ourselves using special interactive chairs.
- An opportunity to explore the displays, perhaps even boarding a rocket ourselves to find out more about life in space!

The cost for the visit including coach travel and entry will be **£23.01** per child. To help to make the payment easier to budget for, you will be able to pay in smaller amounts prior to the visit taking place using the Schoolcomms/School Gateway App.

Please complete on School Gateway as soon as possible to give consent for your child to attend the visit. More details will follow closer to the date of the visit.

Also, if you would like to join us on this incredible visit to support a group, please add your details to the additional comments.

Please make payment on School Gateway by Friday 24th May 2024. If enough payments are not received, the trip may have to be cancelled for all students.

Many thanks for you continued support,

Y2 team
